## SUMMARY

I am passionate about building excellent websites that improve the lives of those around me. I specialize in React.js but I have knowledge and experience in a variety of programming languages, I have a keen eye for design, web security, and complex bug fixes. Currently, I am seeking more projects to collaborate on to further my skills. I'm confident, naturally curious, and perpetually working on improving myself one software problem at a time.

## SKILLS

- **Programming languages:** HTML, CSS, JAVASCRIPT, PHP, Python, Java, and Mysql.
- **Frameworks:** React JS, Typescript, Next.JS, Node.JS, Express.JS, MongoDB, Strapi.JS, Typescript, SASS, ReactNative, and WordPress.
- **Operating Systems:** Windows, Linux, Ubuntu
- **Tools:** Git, Visual Studio Code, Amazon EC2, Github, npm, Postman, Docker, Heroku, Slack, Oracle Virtual Box, Figma, Photoshop.
